DESCRIPTION/OPTIONS: This sharp 2021 Volkswagen Atlas Cross Sport is loaded with options! This vehicle was owned by one owner and has a clean CarFax with no accidents reported. It has been fully inspected and has new brakes. It will come with our 6 month/ 6,000 mile complimentary warranty. Come take it for a spin before its gone!nnnnComfort• Heated seats offer cool weather comfort by warming the seat quickly, before the air in the passenger compartment is fully warmed by the heater. • The seating surfaces are covered in leatherette. • Dual zone HVAC provides separate temperature controls for the driver and front passenger.Convenience• This intelligent cruise control system uses laser or radar to maintain a preset following distance behind another vehicle, automatically braking (to a complete stop if needed) or accelerating as required. • Cruise control maintains a preset vehicle speed; automatically increasing or decreasing throttle to maintain that speed. • Access to the cargo area is gained via a large, power-operated rear door that opens upwards. This door may also contain the rear windshield of the vehicle. • The keyfob has the ability to remotely start the vehicle's engine.Exterior and Appearance• A lip style rear spoiler is an additional, molded air foil piece attached to the rear of the vehicle. This type of spoiler has no gap between it and the vehicle. • Roof rails are raised bars that run the length of the roof and are on both sides of the vehicle.In-car Entertainment• The primary monitor in the vehicle offers touchscreen control. • This feature allows music to be transferred from a mobile device to the vehicle without the need to physically connect the two devices.Powertrain and Mechanical• Variable valve control allows the lift, duration and/or timing of the intake or exhaust valves to be altered while the engine is in operation.Safety and Security• The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision. • The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian. • The vehicle is equipped with a camera that displays an image of the area behind the vehicle on an interior display.Technology and Telematics• Mobile devices can wirelessly connect to the internet through the vehicle's private mobile network. • Otherwise known as Bluetooth, this technology allows electronic devices to integrate with the vehicle systems without the need for a physical connection between them. nnTo be sure you don't miss out, give us a call at 207-922-2277 and schedule a test drive. We have 2 locations - 44 Griffin Rd. in Bangor, and 39 Downeast Highway in Ellsworth. Call to verify vehicle's location.nnLinnehan's Right Way Auto - home of the 6 month 6 000 mile warranty and no Doc Fees ever! Right Way Auto has 100's of reviews on Facebook and Google with a 4.9 Star Average! DISCLAIMER: Vehicle may or may not have all of the computer generated equipment/options listed. The system lists all options commonly available within that package but this does not mean this vehicle necessarily is equipped with all of them. Please verify desired options prior to purchase.
