INTERIOR COLOR: NOT SPECIFIED

TRANSMISSION: AUTOMATIC

ENGINE: 3.5 V6

DESCRIPTION/OPTIONS: That 2019 Ford Raptor with the full Rocky Ridge package sounds like an absolute beast. □ Build Summary
Base Truck: 2019 Ford F-150 Raptor Upgrades (Rocky Ridge Package): Rocky Ridge lift kit - aggressive stance and off-road clearance 37-inch tires - massive grip and road presence Black Rocky Ridge wheels - custom styling Double stack FOX shocks - elite suspension performance Power running boards - convenience meets style Bed cover - function and security Full glass roof - panoramic views Power sliding rear window - added ventilation Heated & AC leather seats - year-round comfort LED lighting - better visibility and aesthetics □ (Remove Front Tint + Windshield) To pass state inspection we can do for a few extra dollars Front window tint - most states limit how dark front side windows can be (often 35% VLT or lighter). Windshield tint - typically only a top visor strip is allowed (e.g., top 5-6 inches). Shipped up from GA never seen snow or salt!!! □ Solution: If we remove the tint from the front windows and windshield, we will pass inspection and get your sticker without a problem. □ Final Thoughts That's a high-end build with both off-road credibility and luxury comfort. The Rocky Ridge package makes it rare and more valuable. Just handle the tint situation and you're set.
