Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls.Powetrain and Mechanical 4-wheel drive - All four safety. In wet or slippery conditions the more grip your wheels can maintain, the safer your drive. 4-wheel drive delivers power to all four wheels providing excellent traction in adverse weather and road conditions. Get a firm grip on the road and added peace of mind in poor weather conditions with 4-wheel drive. 4-wheel drive - All four safety. Get a firm grip on the road and added peace of mind in poor weather conditions with 4-wheel drive. Variable valve timing - Change your output. There are a lot of variables in your drive, so why should your engine always operate the same? With variable valve timing, the engine is efficient at both low and high RPM's, so you get better fuel efficiency, cleaner emissions and improved performance. Variable valve timing provides a better drive, every time.Safety and Security Brake assist - Stop right there. Something jumps out into the middle of the road and you need to stop now! With brake assist, you will. It uses the speed of the brake pedal's travel to sense panic braking, then applies all available power to boost your stopping power. Brake assist can stop the accident before it is one.nn nnTo be sure you don't miss out, give us a call at 207-922-2277 and schedule a test drive. We have 2 locations - 44 Griffin Rd. in Bangor, and 39 Downeast Highway in Ellsworth.
