Mid Skid Plate  
Interior Protection Package (\$250 value)  
All-Weather Floor Mats  
Rubber Bed Mat  
Comfort Manual reclining driver seat - Lean back. Gain some space between you and the wheel with manual reclining driver seat. It lets you adjust the angle of the seatback for added comfort while you're driving, or for a more comfortable rest while you're pulled over. Settle in, with manual reclining driver seat.  
Convenience Cruise control with steering wheel mounted controls. Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls.  
In-car Entertainment Touchscreen - flat out convenient. Say goodbye to the twists and turns of your daily drive...we're talking about buttons and knobs of course! Touchscreen allows you to control certain features with your fingertips, making it easy to use while also providing information at a glance. With touchscreen, your fingerprints will be all over your drive.  
Safety and Security Rear camera - Watching your back! The rear camera helps you see obstacles and hazards you otherwise couldn't by showing enhanced images of what is behind you. The rear camera is an extra set of eyes that's both convenient and safe.  
Technology and Telematics Smart device mirroring - Smartphone, meet smart car. You can control your device through your vehicle's infotainment system. Smart device mirroring brings together safety and convenience by making it easier to find what you're looking for while keeping your eyes on the road.
