**DESCRIPTION/OPTIONS:** Thank you for choosing Crafts Cars, this Palatial Ruby 2017 Nissan Rogue S is a great choice! Check out the following: One Owner! PALATIAL RUBY, CHARCOAL, CLOTH SEAT TRIM, [C03] 50 STATE EMISSIONS, [B93] CHROME REAR BUMPER PROTECTOR, [B92] BLACK SPLASH GUARDS (SET OF 4), [Z66] ACTIVATION DISCLAIMER, [L92] FLOOR MATS & 2-PC CARGO AREA PROTECTOR Convenience Cruise control with steering wheel mounted controls. Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls. Powertrain and Mechanical Automatic full-time 4-wheel drive - All four safety. In wet or slippery conditions the more grip your wheels can maintain, the safer your drive. Automatic full-time 4-wheel drive automatically delivers power to all four wheels when it is needed, providing excellent traction in adverse weather and road conditions. Get a firm grip on the road and added peace of mind in poor weather conditions with Automatic full-time 4-wheel drive. All wheel drive - all weather drive. In wet or slippery conditions the more grip your wheels can maintain, the safer your drive. All wheel drive powers both the front and rear axles, allowing the center differential to redirect power to the wheels with greater traction when slip is detected. So get a firm grip on the road, better acceleration and added peace of mind in poor weather conditions with all-wheel drive. Safety and Security Rear camera - Watching your back! The rear camera helps you see obstacles and hazards you otherwise couldn't by showing enhanced images of what is behind you. The rear camera is an extra set of eyes that's both convenient and safe. Brake assist - Stop right there. Something jumps out into the middle of the road and you need to stop now! With brake assist, you will. It uses the speed of the brake pedal's travel to sense panic braking, then applies all available power to boost your stopping power. Brake assist can stop the accident before it is one. Convenience Cruise control with steering wheel mounted controls. Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls. Safety and Security Forward collision mitigation - Forward thinking. You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Rear camera - Watching your back! The rear camera helps you see obstacles and hazards you otherwise couldn't by showing enhanced images of what is behind you. The rear camera is an extra set of eyes that's both convenient and safe. Brake assist - Stop right there. Something jumps out into the middle of the road and you need to stop now! With brake assist, you will. It uses the speed of the brake pedal's travel to sense panic braking, then applies all available power to boost your stopping power. Brake assist can stop the accident before it is one. Technology and Telematics Selective Internet access - a more focused delivery. Selective internet access allows you to tailor the features for your feed, such as sports scores, local news, or current weather. When it comes to getting what you want, selective internet access is a net gain.
