You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Pedestrian impact prevention - An extra step toward safety. Pedestrians don't always stop, look, and listen, but with Pedestrian Impact Prevention, your vehicle is equipped to better see them and avoid them. This system constantly monitors the road ahead to identify and track pedestrians. It projects that image to an interior display screen, AND should an impact become likely, Pedestrian impact prevention takes steps to avoid a collision.Technology and Telematics Apple CarPlay/Android Auto smart device wireless mirroring Wireless Apple CarPlay/Wireless Android Auto smart device wireless mirroring Mobile hotspot - WiFi on the fly. Connect your devices to the Internet through your vehicle's private mobile hotspot and take the internet wherever your journey takes you, without eating up your data allowance. Find the hotspot with mobile hotspot.nnTo be sure you don't miss out, give us a call at 207-922-2277 and schedule a test drive. nnLinnehan's Right Way Auto - home of the 6 month, 6,000-mile warranty and no Doc Fees ever! Right Way Auto has 100's of reviews on Facebook and Google with a 4.9 Star Average! **DISCLAIMER:** Vehicle may or may not have all of the computer-generated equipment/options listed. The system lists all options commonly available within that package, but this does not mean this vehicle necessarily is equipped with all of them. Please verify desired options prior to purchase.
