**DESCRIPTION/OPTIONS:** Thank you for choosing Crafts Cars, this Aurora Black 2022 Kia Carnival EX is a great choice! Check out the following:nnOne Owner! nn nnnnnnAURORA BLACK, SADDLE BROWN, ARTIFICIAL LEATHER SEAT TRIM, CARPETED FLOOR MATS (8-PASSENGER)nnnConvenience GPS linked cruise control - Set it and forget it. Road trips used to be stressful, until GPS linked cruise control set the pace. Simply set the desired speed and the system uses GPS navigation data to maintain that speed without driver intervention - including slowing down for curves and anticipating hills. This can help minimize driver fatigue and improve overall fuel economy. Meet your ultimate co-pilot; GPS linked cruise control.Safety and Security Forward collision mitigation - Forward thinking. You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Pedestrian impact prevention - An extra step toward safety. Pedestrians don't always stop, look, and listen, but with Pedestrian Impact Prevention, your vehicle is equipped to better see them and avoid them. This system constantly monitors the road ahead to identify and track pedestrians. It projects that image to an interior display screen, AND should an impact become likely, Pedestrian impact prevention takes steps to avoid a collision. Hands-on cruise control. Set it and forget it. Road trips used to be stressful. Cruise control only managed speed, but not distance or safety. Now, with hands-on cruise control, simply set your desired speed and let sensor technology maintain a safe distance between you and surrounding vehicles. It slows you down; speeds you up and even keeps you in your own lane. Meet your ultimate co-pilot with hands-on cruise control.Technology and Telematics Smart device mirroring - Smartphone, meet smart car. You can control your device through your vehicle's infotainment system. Smart device mirroring brings together safety and convenience by making it easier to find what you're looking for while keeping your eyes on the road.nnnn \* While every reasonable effort is made to ensure the accuracy of this information, we are not responsible for any errors or omissions contained on these pages.
