Check out the following:nnOne Owner! nn nnnnSX Prestige Package (\$2,300 value)110V InverterHeated and Ventilated Second Row SeatsPremium Cloth Headliner and Pillar TrimHead Up DisplayPremium Nappa Leather Seat TrimRain-Sensing Front Windshield WipersnnEBONY BLACK, BLACK, LEATHER SEAT TRIM, SX PRESTIGE PACKAGE, CARPETED FLOOR MATSnnnSafety and Security Active blind spot system - Protect your blind side. You checked the mirror, looked over your shoulder and still nearly collided with the car next to you. An active blind spot system not only alerts you to the presence of a vehicle to your sides or rear but helps prevent you from making an unsafe lane change. Replace fear and uncertainty with the confidence and safety of the Active blind spot system. Forward collision mitigation - Forward thinking. You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Pedestrian impact prevention - An extra step toward safety. Pedestrians don't always stop, look, and listen, but with Pedestrian Impact Prevention, your vehicle is equipped to better see them and avoid them. This system constantly monitors the road ahead to identify and track pedestrians. It projects that image to an interior display screen, AND should an impact become likely, Pedestrian impact prevention takes steps to avoid a collision. Hands-on cruise control. Set it and forget it. Road trips used to be stressful. Cruise control only managed speed, but not distance or safety. Now, with hands-on cruise control, simply set your desired speed and let sensor technology maintain a safe distance between you and surrounding vehicles. It slows you down; speeds you up and even keeps you in your own lane. Meet your ultimate co-pilot with hands-on cruise control.Technology and Telematics Smart device mirroring - Smartphone, meet smart car. You can control your device through your vehicle's infotainment system. Smart device mirroring brings together safety and convenience by making it easier to find what you're looking for while keeping your eyes on the road.nnnn * While every reasonable effort is made to ensure the accuracy of this information, we are not responsible for any errors or omissions contained on these pages.
