DESCRIPTION/OPTIONS: This 2018 Honda Civic Hatchback Sport offered in White Orchid Pearl will make a great addition to your family or business! Here are just a few features this vehicle has to offer: Convenience Cruise control with steering wheel mounted controls. Set it and forget it. Road trips used to be stressful, until cruise control set the pace. Simply set the desired speed using the steering wheel mounted controls and it will maintain that speed without driver intervention. This can help minimize driver fatigue and improve overall fuel economy. Resting your right foot is right at your fingertips thanks to cruise control with steering wheel mounted controls. Powertrain and Mechanical Variable valve timing - Change your output. There are a lot of variables in your drive, so why should your engine always operate the same? With variable valve timing, the engine is efficient at both low and high RPM's, so you get better fuel efficiency, cleaner emissions and improved performance. Variable valve timing provides a better drive, every time. Inline-4 engines produce adequate horsepower while typically offering better fuel efficiency and more economical maintenance than larger engines. Safety and Security Rear camera - Watching your back! The rear camera helps you see obstacles and hazards you otherwise couldn't by showing enhanced images of what is behind you. The rear camera is an extra set of eyes that's both convenient and safe. Brake assist - Stop right there. Something jumps out into the middle of the road and you need to stop now! With brake assist, you will. It uses the speed of the brake pedal's travel to sense panic braking, then applies all available power to boost your stopping power. Brake assist can stop the accident before it is one. This vehicle comes with a 30-day, 1250 mile 100% warranty that covers not only the complete list of state of Maine inspection standards but also engine & drive train as well.
