DESCRIPTION/OPTIONS: Thank you for visiting another one of K & R Auto Sales - Auburn's online listings! Please continue for more information on this 2016 GMC Sierra 1500 with 94,940mi. Taking the road less traveled has never been more fun than with this 4WD. With improved performance, mileage and acceleration, this 2016 4WD GMC Sierra 1500 is king of the off-road. There are many vehicles on the market but if you are looking for a vehicle that will perform as good as it looks then this GMC Sierra 1500 is the one! This is the one. Just what you've been looking for. More information about the 2016 GMC Sierra 1500: The 2016 GMC Sierra 1500 lineup comprises a set of pickups aimed at a wide range of uses, from personal transportation to purpose-built tow rigs, farm or ranch haulers or off-road machines. With three cab styles, two bed lengths, three engines, 2-wheel and 4-wheel drive versions, and various trim levels from spartan to lavish, the Sierra lineup offers something for all. Top-of-the-line Denali models remain the choice of more discerning truck shoppers, with luxurious interiors and the full set of features of a premium SUV. The Sierra is a quiet truck, thanks to a host of sound-deadening additions like triple-sealed doors and aerodynamic measures. The Sierra's refined engines are strong yet fuel-efficient. GM boasts that models with the V6 have towing ratings of up to 7,600 pounds, which is hundreds of pounds more than a comparable Ford F-150 or Ram 1500. Also, the Sierra 1500 might have some of the lowest maintenance costs among pickups because of its 4-wheel disc brakes with Duralife rotors, which GM claims will last twice as long as conventional brake rotors. This model sets itself apart with upgraded connectivity and entertainment systems, quiet, stylish cabins, Strong, efficient engines, and innovative cargo solutions
