**DESCRIPTION/OPTIONS:** K & R Auto Sales - Auburn is pleased to be currently offering this 2015 Ford Mustang V6 with 43,187mi. The 2015 Ford Mustang V6 Convertible continues to beat the competition in nearly every way. A sporty driving experience that still maintains impressive levels of ride comfort, along with an exceptional, driver-focused interior make the Ford a recommended pick among convertibles. Exceptional in every sense of the word, this incredibly low mileage vehicle is one of a kind. This is about the time when you're saying it is too good to be true, and let us be the one's to tell you, it is absolutely true. More information about the 2015 Ford Mustang: The 2015 Mustang may still have one of the most recognizable names in the automotive world, but with its latest redesign, it's become far more than just a pretty face and a familiar name. It now represents one of the best value propositions for buyers who just want the fastest car for their money. There is no longer a slow Mustang and a fast Mustang, there are just fast and even faster versions. The Mustang starts at \$23,600, a price that undercuts most of its less powerful rivals, such as the Subaru BRZ. Even when optioned out beyond the \$40,000 mark, the Mustang still represents a tremendous deal, with performance that excels relative to that higher price point as well. Interesting features of this model are powerful engines, sporty handling, modernized styling, available as a convertible, improved fuel economy, and Mustang mystique
